There has been a great deal of enthusiasm about Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy, abbreviated as AYUSH – across the globe in the last 2 decades. AYUSH systems of medicines are approved by the Ministry of Health – UAE since 2002, as Traditional Complimentary and Alternative Medicine. With increasing demand for Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy and the acceptance of these medical systems by WHO and several countries, there's a rising career market for AYUSH practitioners globally. The areas which are available for an AYUSH graduate to build a career successfully can be broadly classified into the categories of: Clinical practice, Academic, Research, Management and administration, Drug manufacturing and Wellness & Spa.

While selecting your future education and career, a student should try to match his or her own interest, basic qualities as well as specific qualities, which an AYUSH field may demand. Discover the Educational and Career opportunities AYUSH offers.
